

Glenmore Visitor Centre Asset Transfer Survey June 2023

Aviemore & Glenmore Community Trust (AGCT) wish to make an application for Community Asset Transfer (CAT) for the lease and eventually the purchase of the Forestry and Land Scotland (FLS) Glenmore Visitor Centre building, land and car parks.

Achieving a "community anchor" in Glenmore would ensure that the community has a stronger voice in how the area is managed, developed and protected.

All profits from Glenmore Visitor Centre activities under community management/ownership would be reinvested into the local community.

AGCT's Vision for the Glenmore Visitor Centre

To develop a vibrant Glenmore Visitor Centre under sustainable community stewardship. This would be achieved through asset transfer of the FLS visitor centre lease and eventually purchase of the building and land.

AGCT would enhance the current offering by:-

- Enhancing the visitor experience by creating a warm and welcoming space
- Enhancing the cafe offering, increasing opening times and encouraging visitors to spend more time at the centre
- Develop a space for events/talks/workshops for use by school, special interest and community groups
- To create local employment and training opportunities
- To develop strong partnerships between key stakeholders and community to create a unified approach to visitor management and to support responsible tourism and environmental protection messaging
- To allow income generation to be reinvested into the visitor centre and local community

AGCT would like to develop a Glenmore Heritage Centre telling the incredibly rich history of Glenmore, which would include:-

- The story of past Glenmore communities and industries
- The WW2 Norwegian Resistance Fighters who trained in Glenmore
- The role of the Forestry Commission in developing Glenmore Forest Park
- The environmental qualities of the Glenmore forest and its wildlife
- The development of the Glenmore area for outdoor sport and recreation
