Clues

- Another name for frog eggs
- The larva of a butterfly or moth
- An abundance of these springtime flowers can be seen on trees such as the wild cherry
- Early bloomers with nodding, white flowers
- Lots of birds will be busy doing this during spring
- Another word for foliage
- A colour associated with spring
- An iconic woodland flower which creates a 'blue carpet' in the forest
- Spring brings warmer weather and, hopefully, more of this
- This type of butterfly looks as if it has eyes on its wings
