

LEG SurveyMonkey Results

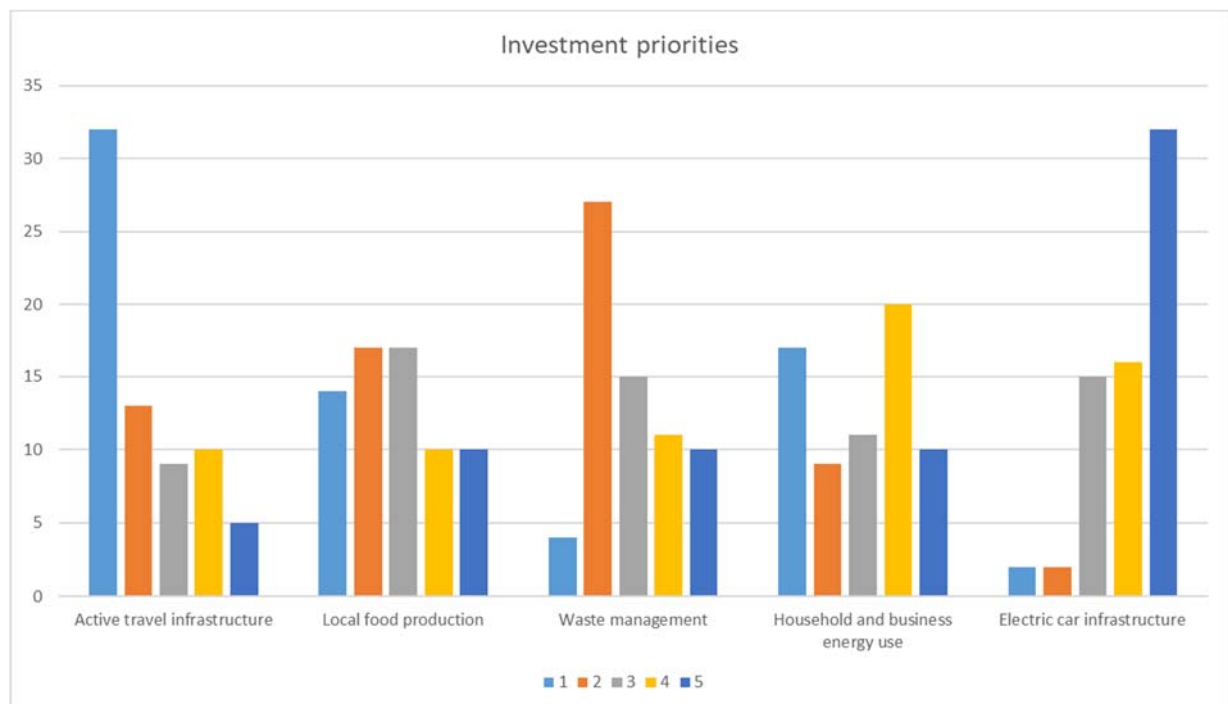

Q.1 Do you support LEG developing the Abhain Greadhain Community Hydro Scheme for Lochaber in Glenachulish?

No, and I'm resident in Lochaber	2	2.9%	
Yes, and I'm resident elsewhere	4	5.8%	
Yes, and I'm resident in Lochaber	63	91.3%	97.1% In Support
Grand Total	69		

Q. 2 What do you feel are the positives and negatives of the scheme?

53 people responded to this question - all positive.

Q. 3 The profit from the scheme will be used by Lochaber Environmental Group to deliver further projects within Lochaber. Please rank these options in terms of which is most important, for the Whole of Lochaber

Average of Active travel infrastructure	2.1	(Lower values are better as ranked 1-4)
Average of Local food production	2.7	
Average of Waste management	2.9	
Average of Household and business energy use	2.9	
Average of Electric car infrastructure	4.1	

"Active travel is the most popular priority for investment, and electric car infrastructure the least popular.

Local food production is the second most popular then Waste management and household/business energy which are almost equal."

Q. 4 Do you have any other comments to make around how the scheme is developed and how the income is used? Maybe there is a project local to you which you feel could be one of the first to be undertaken with the new funds?

28 positive or constructive comments (No negative ones)

Q. 5 Would you like to be kept informed of our progress? If yes please enter an email address to sign up to the newsletter.

34 email addresses supplied to be kept informed

Q. 6 Would you be interested in investing in a Community Hydro scheme in Lochaber? Please see Community Shares Scotland for more details on community shares.

No 9

Yes 25

Grand Total 34

Q. 7 Do you have any skills or experience which you could offer to the project? We are looking to recruit new directors, and having local people with relevant knowledge to call on is what makes community projects work!

12 positive offers / contributions.
