

Kemnay Woods Land Management Plan

Balbithan Issues Summary

- Extensive areas of windblow damage from Storm Arwen that have been cleared and are ready for restocking
- Two scheduled ancient monuments
- Well thinned Scots pine stands managed under LISS
- Natural regeneration levels generally low under LISS overstorey

Kemnay Main Block Issues Summary

- Existing windblow damage from Storm Arwen
- LISS coupes are showing limited natural regeneration
- Sitka spruce stands that are ready for first thin stage

Pitcaple Issues Summary

- Majority of the forest has been windblown and cleared following Storm Arwen.
- Mature trees adjacent to railway
- Retained larch is starting to blow over
- Well used car park
- Visible from a distance on the A96
