Km

Scale: 1:57,000 @ A3

Scotland's National Forest Estate is responsibly managed to the UK Woodland Assurance Standard.

This map provides an overview of the felling proposals. Due to the large area of the LMP, presenting a coherent visual display of the proposals at an A3 scale is challenging. The proposals are additionally available at 1:10,000 scale in three A0 maps showing the north, middle and south sections of the forest for both the felling & restock proposals (6xA0 maps in total).
